## **GENOVATION CAPITAL CLOSSES FIRST TRANCHE OF OFFERING**

**Vancouver, B.C., September 23, 2015 – Genovation Capital Corp. (CSE: GEC)** (the “**Company**” or “**Genovation Capital**”) is pleased to announce it has closed 1,866,666 units (the “**Units**”) for proceeds of \$140,000, a first tranche of its non-brokered private placement to raise up to \$262,500 at a price of \$0.075 per Unit (the “**Offering**”), as announced on September 1, 2015.

Each Unit consists of one common share of the Company (a “**Common Share**”) and one Common Share purchase warrant (a “**Warrant**”). The Company will be entitled to accelerate the expiry date of the Warrants to the date that is 30 days following the date the Company issues a news release announcing that the published closing price of the Common Shares on the Canadian Securities Exchange (the “**Exchange**”) has been equal to or greater than \$0.35 for ten consecutive trading days after the hold period on the Common Shares has expired.

The Company may pay a finder’s fee on the Offering within the amount permitted by the policies of the Exchange. Closing of the Offering is subject to a number of conditions, including receipt of all necessary corporate and regulatory approvals, including the Exchange. All securities issued in connection with the Offering will be subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.

### **Stock Options**

The Company announces the grant of 150,000 incentive stock options (“**Options**”) to a consultant of the Company, to purchase up to 150,000 common shares of the Company as part of its compensation procedures. Options being granted have an exercise price of \$0.10 per share and are exercisable for a period of five years from the date of grant, and vest in stages over the course of the first year with 25% at the end of each three-month period.

The stock options are being granted pursuant to the terms of the Company’s stock option plan and are subject to regulatory approval. Options to purchase 1,475,000 Common Shares are now outstanding, which is equal to approximately 9.6% of the number of issued and outstanding Common Shares.
